

# High Quality, Small Quantity Hemmed 4-Color Process Banners

Need High Quality, full-color hemmed banners in small quantities? Put our inkjet printer to work using any of 2 available stocks priced as follows:

1. Determine the square foot size of the banner and the quantity desired.
2. Multiply the quantity by the square foot size by the price per square foot indicated below.
3. Add the set-up cost of \$96.00 (A) per order design to determine the total price.

Order as few as one banner if you need to! The minimum quantity is one!

The following stocks are available:

## No. 9010 10 oz. White Vinyl

- Price is \$5.76 (A) per square foot + \$96.00 (A) Set-up
- A durable indoor or outdoor use lightweight, flexible vinyl, finished with hems and grommets. Specify number of grommets & placement with your order.

## No. 9250 13 oz. White Vinyl

- Price is \$6.20 (A) per square foot + \$96.00 (A) Set-up
- A heavier weight, durable indoor or outdoor use vinyl.
- Finished with hems & grommets. Specify number of grommets & placement with your order.

Pricing is based on the square foot size of the banner, the order quantity, the material selected and related cost per square foot, and a uniform set-up fee. The suggested life of these products is under 2 years of use in either indoor or outdoor settings. **Orders are limited to a size not to exceed 48" (4 ft.) in width and/or 120" (10 ft.) in length.**

For example – say you need 3 white vinyl banners sized 4 x 3 with full color copy on 10 oz vinyl with hems and grommets. The square foot size of the banner would be 3 feet x 4 feet or 12 square feet total.

**Your order price would be: 3 banners x 12 square feet x \$5.76 per square foot plus \$96.00 or \$303.36 (A) total, plus freight and tax.**

Products on this page are inkjet printed using a 150-line screen resolution for higher quality graphics. A print ready digital file is required. Add \$10.00 (G) for a color PDF (electronic) proof.

Pricing includes screen charges.
